

Date: November 2006

Survey Name: Are you making the most of AutoCAD 2007

Total Respondents: 165

165

**1. Are you currently using AutoCAD 2007?**

	#	%
Yes	97	59%
No	68	41%

**2. If you answered "Yes" to question 1, please indicate below the primary reason you upgraded to AutoCAD 2007.**

	#	%
My company always upgrades to the latest release of AutoCAD	52	32%
To take advantage of the 3D features in this release	10	6%
Because my clients demand that I use the latest release	3	2%
To take advantage of new features, but not necessarily 3D features, in this release	12	7%

**3. Please indicate below the new features in AutoCAD 2007 that you have used or those you definitely plan to use. Check all that apply.**

	#	%
Cameras	21	13%
Dynamic User Coordinate System (UCS)	43	26%
Face, Edge, Vertex Manipulation	22	13%
Flatten 3D Geometry into 2D	27	16%
Helix	17	10%
Interference Checking	15	9%
Polysolid (3D Polyline)	16	10%
Section Planes/Cuts	24	15%
Sweeps and Lofts	22	13%
Walk-through Navigation	17	10%
Work in Perspective View	20	12%
Animations	8	5%
Display Modes (Visual Styles, Transparency, Edge Effects)	21	13%
Drag-and-Drop Materials	24	15%
Real-Time	11	7%
Transparent Solids	17	10%
Autodesk Vault (Subscription Only)	12	7%
Publish PDF	56	34%
Animations in the Help System	17	10%

**4. Do you regularly participate - or have you ever participated - in the AutoCAD Wish List program?**

	#	%
Yes	57	35%
No	37	22%

**5. What method of training will you use to bring yourself (or your users) up to speed on AutoCAD 2007?**

	#	%
Formal classroom training taught by an Autodesk Authorized Training Center	10	6%
In-house training conducted by my company's staff	20	12%
Online training	17	10%
Combination of classroom/online training	17	10%
No training planned	17	10%

**6. How often do you migrate to a new release of AutoCAD?**

	#	%
With every new release	66	40%
Every other release	3	2%
Only when we have to	18	11%

**7. If you answered "No" to question 1, please indicate which response most closely matches your primary reason for not upgrading to AutoCAD 2007.**

	#	%
We recently upgraded to AutoCAD 2006 or a previous release	20	12%
We have purchased AutoCAD 2007, but haven't implemented it yet	18	11%
New features in AutoCAD 2007 are not compelling enough to warrant the upgrade	7	4%
We're going to be switching to another Autodesk platform in the near future	3	2%
